

Seminar:

Towards cleaner and safer shipping in the Baltic Sea

West Swedish Arena, Almedalsveckan, Gotland
3 July 2016, 17:00-18:00

Experts from BONUS projects invite Swedish politicians and representatives of authorities and industry for a discussion on how citizens, boat owners, harbour operators, shipping partners, authorities and politicians can help to decrease undesired environmental impact caused by shipping and boating in the Baltic sea.

Moderator:

Anna Jöborn *Swedish Agency for Marine and Water Management*

Panelists:

Carl Carlsson *Zero vision Tools and Swedish Shipowners' Association*

Ingela Isaksson *Swedish Agency for Marine and Water Management and County Administrative Board of Västra Götaland*

Karin Svensson Smith *Sweden's Parliament, Green party and chairperson of the Transportation Committee*

Jana Moldanova *BONUS SHEBA project*

Erik Ytreberg *BONUS CHANGE project*

Hulda Winnes *BONUS ZEB project*

The discussion will be in Swedish.

The sailing research expedition on board of Hrimfare af Rankie, organised by BONUS SHEBA project will be in Almedalen on 4-5 July. You can meet researchers from BONUS projects SHEBA, CHANGE, ZEB, STORMWINDS and ESABALT on Hrimfare and explore the exhibition.
